Co-Curricular Activities

Medgar Evers College Social Work Club
Medgar Evers College has had a Social Work Club comprised of students who are interested in a social work career. The Club is registered with the National Association of Black Social Workers (NABSW) and meets on Wednesdays during Commons Hour. Club members have participated in local and national social work activities including the National Conference of the NABSW. A faculty member is assigned as an Advisor to the club; however, the club is governed by its elected student officers.
