This Emergency Response Guide has been designed to provide essential information on what you should do and whom you should immediately contact when confronted with different emergencies, both natural and man-made, that could happen in a campus setting.

The guide is presented in a format that allows for easy review both online and as a printout. If you are reading it online, please note that the individual headings in the Table of Contents are hyperlinked to quickly take you to their related pages. If you elect to make a color printout of the guide, you'll note that the individual headings are color coded to correspond to the color bars that run across the top and bottom of the related pages. Given that some emergencies could prevent access to the web, it is strongly advised that you make a printout of the guide and keep it where it can easily be found.

This guide was originally conceived at Lehman College, and we are grateful to Lehman for allowing us to adapt it for use at Medgar Evers College.

NOTIFY PUBLIC SAFETY:
Campus phones: Ext. 6003

TO REPORT AN EMERGENCY:

➢ Call Public Safety and state “This is an emergency.”
➢ Give nature and location of emergency.
➢ Give number you are calling from.
➢ Unless there is an immediate threat to you, do not hang up until instructed to do so.

If the situation warrants, Public Safety will summon the appropriate emergency responder and provide assistance until the responder arrives.

NOTE: This does not preclude your calling 911, but emergency response personnel may be unfamiliar with the names and locations of our campus buildings. Public Safety officers are posted at the lobby entrances of our buildings and will direct the first responders to the emergency.

Failure to notify Public Safety will result in delays in responding.

IN THE EVENT OF AN EMERGENCY:
You will be alerted and provided with additional information by one or more of the following:

➢ telephone / voicemail / email
➢ CUNY Alert
➢ campus police
➢ emergency response team members

REMEMBER:
In any type of emergency, always assist those with disabilities. (See page 19.)
MEDICAL EMERGENCY

NOTIFY PUBLIC SAFETY:
Campus phones: Ext. 6003 / 6069

NOTIFY NYC EMERGENCY MEDICAL SERVICES (EMS): Dial 911

REPORTING A MEDICAL EMERGENCY ON CAMPUS:

→ Call Public Safety and/or 911 and state: “This is a medical emergency.”

→ It is particularly important to notify Public Safety of medical emergencies since they can expedite the arrival of EMS personnel by providing directions as well as an escort to the scene of the emergency.

→ Public Safety officers can render assistance until EMS arrives. They are trained and equipped to provide basic first aid and, if warranted, application of CPR and a defibrillator. All campus buildings contain at least one AED (automatic external defibrillator) unit.

BE PREPARED TO PROVIDE THE FOLLOWING:

● location of the emergency
● number you are calling from
● type of medical emergency
● answers to the following questions:
  Is the victim conscious?
  Is the victim breathing?
  Is the victim bleeding?
  How many victims are involved?

REMEMBER!

→ Do not hang up until instructed to do so by Public Safety or 911 dispatcher.

→ Do not move victim unless he/she is in imminent danger.

→ Move harmful objects away from someone having a seizure.

→ Do not give the victim anything to eat or drink.

→ Assure the victim that help is on the way and to stay calm.

→ Comply with all instructions given by emergency response personnel.
PERSON(S) TRAPPED IN ELEVATOR

NOTIFY PUBLIC SAFETY:

If trapped, use elevator’s emergency phone or intercom
Campus phones: Ext. 6003 / 6069

WHEN TRAPPED AND/OR REPORTING PERSON(S) TRAPPED IN AN ELEVATOR:

➜ Give the location of the elevator, i.e., building and floor.
➜ When known, give the number of people trapped.
➜ Report any injuries/medical conditions.
➜ Report any noises or occurrences that happened before the event.
➜ DO NOT attempt to exit the elevator if doors should open between floors.

BE PREPARED:

● In each elevator you use, locate the STOP button and the emergency telephone.
NOTIFY NY POLICE DEPARTMENT: Dial 911

NOTIFY PUBLIC SAFETY:

IF INVOLVED IN AN ACCIDENT WITH A COLLEGE-OWNED VEHICLE:

→ Provide Police/Public Safety Dispatcher location of accident.
→ Provide your name and number you’re calling from.
→ Provide a thorough description of the incident to assure appropriate resources are dispatched.
→ Don’t move victim(s) unless there is a threat of fire, explosion or other extreme risk to the victim.

BE PREPARED TO:

● Tell responding officers what occurred?
● Present your driver’s license, insurance, and registration cards to the police.
● Request copy of Police Accident Report for the college.

NOTIFY PUBLIC SAFETY:
Campus phones: Ext. 6003 / 6069

NOTIFY PSYCHOLOGICAL COUNSELING CENTER:
Campus phones: ext. 6939
Other phones: 718-270-6939

WHEN REPORTING A PSYCHOLOGICAL CRISIS OR SUICIDE ATTEMPT AND/OR THREAT:

➜ Provide your name, location, telephone number.
➜ Explain the situation to the Public Safety Dispatcher in detail.
➜ If you cannot leave the person unattended, send someone else to make the notification.
➜ Indicate if person is armed and, if so, describe the weapon.

REMEMBER:

➜ Take all suicidal comments very seriously. Assuming the person is only seeking attention is a very serious and potentially disastrous error.
➜ If you believe that a student, employee or visitor is suicidal immediately report the matter to the Office of Public Safety and/or the Psychological Counseling Center.
➜ Do your best to make the person feel safe and/or keep them safe until trained personnel have been notified and/or have arrived.
➜ Try not to act shocked. The person is already highly distressed, and if you act shocked by what is said, the person may become more distressed. Continue to talk to them as long as there is no imminent threat to you, but get help immediately.
➜ Keep your own safety in mind. A student may not intend to harm you, but it can happen due to emotional distress.
NOTIFY PUBLIC SAFETY:
Campus phones: Ext. 6003 / 6069

WHEN REPORTING ANY INCIDENT INVOLVING A PHYSICAL CONFRONTATION OR VIOLENT ACT:

➜ Provide name, location, telephone number.

Campus phones: Ext. 6003 / 6069

WHEN REPORTING AN UNUSUAL ODOR OR FUMES:

→ Provide your name, location, telephone number.
→ Provide location of suspected source of odor/fumes.

  ● Do not pull fire alarms if you detect gas.
  ● Do not use light switches or switches on electrical devices.
  ● Do not use cell phones or two-way radios.
  ● Do not use lighters or burners of any kind.

  Always leave a way out for yourself.
› A fire can double in size every thirty seconds. Speed is essential.

BE PREPARED:
- Locate and learn how to use fire extinguishers and fire blankets.
- Learn evacuation routes.
- Practice exiting your area by imagining you are in a smoke-filled environment.

A shelter-in-place / lockdown condition occurs when the outside environment is not safe to enter due to atmospheric contamination or a threat from a human perpetrator.

All people on campus must remain inside and be prepared to stay inside until the outside area is determined to be safe.

If a toxic environment exists outside, the HVAC system will be turned off and buildings will be sealed.

**No matter how physically or emotionally uncomfortable you may become, you must not open a door or window. This may jeopardize the lives of everyone!**

In the event of a college-wide evacuation and closure, the campus will be evacuated systematically following standard mass evacuation procedures and all official guidelines and protocols.

You must evacuate an area when ordered to do so. This may be in response to the activation of an audible / visible fire alarm and/or verbal orders from campus police and/or other emergency response personnel.

EVACUATION PROCEDURES:

➜ Organize the people in your room or work area.
➜ Count the number of people present.
➜ If not directed to a specific location, designate a gathering point in case members of your group get separated during evacuation.
➜ Leave the building using the nearest safe exit.
➜ Do not use elevators unless told to do so by emergency response personnel.
➜ When you reach your designated gathering point, again count the number of people in your group.
➜ Keep all people together while waiting outside.
➜ If someone is missing, report your room number and names of missing individuals to emergency response personnel.
➜ Re-enter the building only when advised to do so by police or emergency response team members.

REMEMBER:

➜ Follow directions carefully: Evacuation techniques are carefully selected keeping safety in mind. Hazards may exist that you are not aware of.
➜ If you are given a specific evacuation route, carefully follow it to avoid walking or driving into a toxic spill, fire, or other life-threatening situation.
➜ Do not use personal vehicles to exit campus unless ordered to do so by police or other emergency response personnel.

● any unusual voice or speech characteristics
● exact wording of threat
● background noises
● language ability of caller

If ordered to evacuate, carefully follow directions (page 16).

BE ALERT: Report any unusual items you see, as bombers may leave explosive devices along the evacuation path.
Up-to-date reports provided by the NYC Office of Emergency management will be distributed by the Medgar Evers College department of public safety.

BEFORE LEAVING CAMPUS:

Each semester, the Public Safety Department is advised of the schedules of those individuals who use wheelchairs or have other mobility constraints in order to be prepared to offer timely assistance in the event of evacuation of an area or building.

During an emergency evacuation, assistance from other members of the college community may be needed to assist disabled individuals:

**REMEMBER:**

- Leave the building via the **NEAREST SAFE** exit possible.
- Never use an elevator in a building involved in a fire unless specifically directed by emergency response personnel.
- Seek assistance, if needed, in accompanying the disabled individual(s) to a safe location.
